Green Fuel Technologies Hosts Inaugural “Spring Festival”

Phoenix Community Invited to Learn More About Solar Energy

(PHOENIX)—Green Fuel Technologies, (www.greenfuelsolar.com) one of the Valley’s leading alternative energy companies, will host a “Spring Festival” event with seminars on solar system options, alternative energy exhibits and eco-friendly entertainment for all ages on Saturday, April 24 from 10 a.m. to 4 p.m. at their headquarters at 2801 West Willetta Street, Phoenix, 85009.

“If you’ve ever wanted to learn more about solar or other money-saving technologies, this event is a great way to do so, all while having fun for the whole family!” said John Casey, CEO of Green Fuel Technologies. “Solar living is possible for everyone.”

Educational seminars will include; money savings tips, home energy conservation, solar energy options and financing tips. In addition, one lucky attendee will win a grand prize giveaway including solar skylights and a home energy audit with a \$1,400 value.

Admission is free to join the fun for all ages, including food and drink. Green Fuel encourages families to bring the kids, there will be a Kids Zone featuring solar RC racecars, birdhouse building and a bounce house.

Green Fuel Technologies introduced their first “Fall Festival” in October 2009 and hosted a more than 350 people. The company plans to hold both events annually as a way to educate the community in sustainable living options.
